汐岸 SHORELINE

"Shoreline" 的设计灵感源自海岸线的动态边界。

它并非是对某一处海岸的具象描摹,而是一场关于“世界海岸线”的抽象凝练。设计源于我们对 不同国家、不同纬度海岸之美的持续观察——那些诞生于海浪与沙滩相遇瞬间的色彩变化,被转译为富有秩序与节奏的层次表达。

Das Design von „Shoreline“ ist von der dynamischen Grenze der Küstenlinie inspiriert.

Es ist keine gegenständliche Darstellung einer bestimmten Küstenlandschaft, sondern eine abstrakte Verdichtung der Schönheit weltweiter Küstenlinien. Das Design entspringt unserer fortlaufenden Beobachtung von Küsten in unterschiedlichen Ländern und Breitengraden – jene Farbübergänge, die im Moment des Zusammentreffens von Wellen und Sand entstehen, werden in eine vielschichtige Gestaltung mit Ordnung und Rhythmus übersetzt.

Shoreline is inspired by the dynamic boundary of the coast.

It is not a literal depiction of any single shoreline, but an abstract distillation of coastlines around the world. Rooted in our ongoing observation of coastal landscapes across different countries and latitudes, the design translates the fleeting color transitions born at the meeting of waves and sand into a layered expression of rhythm and order.

"Against the backdrop of white buildings, the Aegean Sea's gradient from deep to light blue gives the space a fresh, coastal-town feel."

火山地貌塑造了海岸的轮廓,深浅棕色的沙滩在阳光下呈现出被时间打磨过的质感。地中海的光线缓缓掠过岩石与海面,在西西里留下温润而克制的色彩层次。

Volcanic landscapes shape the coastline, where beaches in layered shades of brown reveal a texture refined by time.
Mediterranean light glides softly across rock and sea, leaving behind a palette that is warm, restrained, and quietly rich.

巴拉望的海岸线,以通透的翡翠绿色著称。阳光穿过浅海,水色由浅至深自然铺展,呈现出层次分明却毫不张扬的渐变。

The coastline of Palawan is renowned for its translucent emerald-green waters.

Sunlight filters through the shallows, allowing the color to unfold naturally from light to deep, creating a gradient that is layered yet quietly restrained.

On the Gold Coast, sunlight spills across golden sands, while the sea displays a natural gradient from pale green to bright yellow. Waves lap gently at the shore, and light dances between water and sand, creating a color palette that is both vibrant and soft.
